

EY01233 - Sound Wall

Product Code EY01233

Introduction

Record the noises you require by moving the switch to record mode. The cover can be removed to illustrate the sounds, or to encase various items (NB only thin items will fit within the casing e.g. a leaf, ribbon, paper, sequin, fabric etc.)

The unit houses the buttons which can also be removed to change the images and sounds. The base is easy to assemble and has feet for stability. It can be used outdoors but we suggest that it is bought inside after use to avoid damage from weather conditions and therefore prolong its usage. New sound buttons can be purchased separately.

Suggestions

- Make an animal wall with sounds and corresponding images. It could be used for farm, pets, jungle etc. Try just having an image of the fur of a cat, the spot of a leopard, a feather of a chicken etc.
- Transport Use the images and sounds of cars, helicopters, motorbikes. It could either be a sentence or the sound they make.
- Alphabet Choose images to match the phoneme.
- Numbers Match the numeral to the amount.
- Treasure Hunt Record messages in a sequence e.g. first go and look behind the tree, (eventually leading them to the 'treasure'.)
- Senses/Materials Give instruction to find something, soft, hard, made of wood, metal etc.
- Photo Images This would be for people who work in the setting, e.g. this is Mrs Smith our cook.

EY01233 - Sound Wall

- Different Languages Use the image of everyday items e.g. chair, table, sink etc and record the names.
- Naming Items Such as furniture, minibests, flowers, colours, fairytales and nursery rhyme characters. Try having images of musical instruments and recording the sounds they make.
- Memory Games Can you remember which sound went with which button?

These are just a few of the many ideas that are possible. We are sure you will think of lots more.

Care Instructions

Not suitable for children under 36 months. Young children should be supervised at all times. The blocks should be inspected regularly for any signs of damage, which could cause potential injury. Clean with a damp cloth.
