

# Festive Showcase

Challenge the children to retell the stories by putting on a festive showcase. They could create films, shadow shows, homemade puppets or use small world characters. Bring in other areas of the curriculum such as literacy for script writing and speaking and listening skills, ICT by recording the performance and turning it into a short film or art and D&T through creating and making their very own puppets or backdrops. The possibilities and learning opportunities are endless!

## Finger Puppets

Use with adult supervision. Sharp Edge Warning – Scissors (Ages 12 and under). CAUTION Cut Hazard:
