## Know Your Product

# Mini Illuminated Mark Making Boards

## Using Your Product

To switch the Board on, move the slide switch to the ON position.

The first colour when switched on will be Red. To cycle through the seven colours press the button on the front of the Writing Board once for each colour change. When the colour Red is reached again it will automatically cycle through the colours in sequence. Pressing the button again whilst in automatic sequence mode will turn the writing board back to red.

Always switch your Illuminated Writing Board off using the on/off switch to preserve the battery life.

Each board has a slot to insert an A5 sized card if required. (not provided).

## Battery Precautions

- Batteries are to be inserted with the correct polarity.
- The supply terminals are not to be short circuited.
- Only batteries of equal size and type should be used.
- Non-rechargeable batteries are not to be recharged.

## Replacing Batteries

- Remove the battery hatch cover and carefully remove the batteries and dispose of them responsibly.
- Insert new batteries, ensuring the correct polarity. Replace the battery hatch firmly.
- Different types of batteries or new and used batteries are not to be mixed.
- Exhausted batteries are to be removed from the toy.
- This product used 3 X 1.5V AAA batteries (not included)

## Trouble Shooting

Problem	Solution
Writing Board will not light up	Ensure that the slide switch is in the ON position Ensure the batteries are inserted correctly Replace discharged batteries
