

# Wooden Treasure Cylinders

**Product Code: EY01163**

## **Hints & Tips**

- When babies are able to lift and move the cylinders they may delight in exploring their properties.
- Some children who are immersed in the rotation schema may enjoy simply rolling the shapes back and forth.
- The cylinders make a good sensory object. Watch the shapes tumble or listen to the sounds.
- Use as a shaker. Use with art material such as dough or play foam. Use in role play scenarios such as the home corner or the pizzeria.
- The cylinders could be placed in a treasure basket for the children to experiment and explore
