These products are for outdoor use and should be placed on a soft level surface.

The natural material used to make these products means that the colour may change as it is exposed to the elements.

Warning:

This product has been hand-made from natural materials and therefore may contain some sharp edges. Please check the product carefully, before use and periodically, and remove any sharp edges with clippers.

The product may also contain small tacks and staples which are necessary to secure the willow in place to start the weave. These sometimes become loose as the product moves and therefore should be removed or readjusted as necessary, and checked regularly, to avoid injury.
