

Colour Sorting Baskets

Product Code: EY06694

This set of baskets can be utilised in various ways.

- The children may enjoy mixing up all the items and then matching them to the corresponding baskets.
- You could add extra items to the baskets.
- Some children's interests may align to posting, enclosure or transporting, which the baskets lend themselves to supporting.
- Try making different collections. You could find things that are the same, but different colours.
- Use the baskets as conversation starters. Pick something out of the basket and discuss. You could make up stories together.
- Try putting the items in a line and weaving a story around them eg. I got in my car and I saw a --- and then ---, etc.
- Play matching games eg. can you go and find me a ---
- Let the children play uninterrupted with the baskets, enabling them to choose how they play with them.
