

# Den Frame

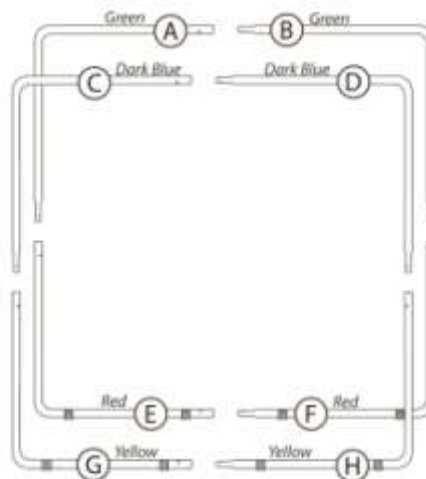

Code: EY00251

## What's in the box:

8 metal poles (green, dark blue, red and yellow)  
8 non-slip rubber grips  
1 instruction sheet

- (A) Green top pole (hole and spring button)
- (B) Green top pole (two spring buttons)
- (C) Dark blue top pole (hole and spring button)
- (D) Dark blue pole (two spring buttons)
- (E) Red bottom pole with non-slip rubber grips (two holes)
- (F) Red bottom pole with non-slip rubber grips (hole and spring button)
- (G) Yellow bottom pole with non-slip rubber grips (two holes)
- (H) Yellow bottom pole with non-slip rubber grips (hole and spring button)

## Assembly instructions:

### Step One (top poles):

1. Push in the button on (B) and slide into the hole on pole (A) as shown in the Assembly diagram right.
2. The button should spring out once securely locked into the hole on pole (A).
3. Repeat the above two steps with (D) and (C).

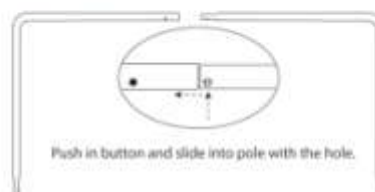

### Step Two (bottom poles):

1. Push in the button on (F) and slide into the hole on pole (E) as shown in the Assembly diagram right.
2. The button should spring out once securely locked into the hole on pole (E).
3. Repeat the above two steps with (H) and (G).

### Step Three:

1. Assemble the four poles together as described in the Assembly diagram on the right.
3. The completed frame should look the same as image on the right.
