

Outdoor Alphabet Tiles

Product Code: EY06716

These throw down tiles can be used indoors or out. Here are some suggestions:

- Place the letters in alphabetical order. Remove some tiles and ask the children to identify which is missing.
- Match an object to the tile eg. 'c' and cat.
- Find the tile that starts your name. (There is an upper case letter on the corner).
- Leave a treasure trail of letters around the setting and the children can follow clues where to find the next one.
- Use for a variety of phonic activities. Make words eg. cat, dog, pig, hat etc. Discuss how the words are made and the sounds that are created.
- Use as a visual aid for 'eye spy', holding up the tile to reinforce the letter sound.
- Play jumping games, eg. spread the letters out and as you jump on a letter say a word. You could have themes, eg. names, food, animals, etc.
