2. Hazards Identification:

2.1 Classification of the substance or mixture

2.1.1 Classification according to Regulation (EC) No. 1272/2008 (CLP)

This product does not meet the criteria for classification in any hazard class according to Regulation (EC) No 1272/2008 on classification, labelling and packaging of substances and mixtures. However a safety data sheet is being supplied for it on request.

2.1.2 Classification according to Directive 1999/45/EC

This product does not meet the criteria for classification in accordance with Directive 1999/45/EC.

Information on the substances in the mixtures is provided under Subsection 3.2.

2.2 Label Elements

The product does not require labelling according to Regulation (EC) No. 1272/2008 (CLP)

3. Composition:

In accordance with Regulation (EC) No 1272/2008 this product is not classified hazardous

4. First Aid:

4.1 Description of first aid measures

General Notes

In all cases of doubt or concern seek medical attention.

Following Inhalation: Not a significant hazard as supplied.

Following skin contact: Wash affected area with water. Remove and wash contaminated clothing before re-use. Seek medical advice if there is irritation.

Following eye contact: Rinse immediately with plenty of clean water, holding the eyelids open for at least 10 minutes. If irritation persists seek medical attention.

Following ingestion: Rinse out the mouth with plenty of water and give water to drink. If the quantity is significant or the subject feels unwell seek medical attention. Do not induce vomiting.

5. Fire-fighting measures:

Extinguishing media: Water, sand, foam, dry powder, carbon dioxide

Fire Hazards: Burning may release irritating combustion gases.

6. Accidental Release Measures:

Clean up: Warm soapy water. Dispose of as per section 13

Precautions: Do not allow product to enter drains.

7. Handling and Storage

Handling: No special precautions necessary

Storage: No special precautions necessary

General: Keep in a cool, dry area away from direct sunlight.

8. Exposure controls / personal protection

No special precautions necessary. General protection and hygiene measures are recommended.

9. Physical & Chemical Properties:

Appearance: Coloured Liquid

Odour: Slight

Ph: Varies between 5 and 9 dependent on the colour

Freezing point: 0 degrees C (value given for water component)

Initial Boiling point: 100 degrees C (value given for water component)

Evaporation rate: As water

Relative Density: 1.0 – 1.1g/ml at 20 degrees C

Solubility in water: Complete

Viscosity: Various

10. Stability and reactivity:

Not applicable – stable under normal conditions

11. Toxicological Information:

Not applicable – no known adverse health effects

12. Ecological Information:

No known adverse environmental effects. Dispose of as per section 13.

13. Disposal considerations:

Waste product should not be discharged into drains or waterways without treatment.

Disposal of product and packaging should always comply with local and national regulations.

14. Transport Information:

This product does not meet the requirement for classification as dangerous for transport by road, rail, inland waterway, sea or air.

However as with all chemical-based products it must, when being transported, be handled in a manner that minimises the risk of damage and leakage from the packages.

15. Regulatory Information:

No significant hazards.

Conforms to *EN71-3:2019+A1:2021 Safety of toys - Part 3: Migration of Certain Elements*

16. Other Information:

The information supplied in this Safety Data Sheet is provided as guidance for the safe use, storage and handling of the product. This information is correct to the best of our knowledge and belief at the date of publication. This information relates only to the specific material designated, and does not therefore guarantee their suitability for a particular application.
