

Assembly instructions for the Kiddy Clamber Tower

This product will require two people to assemble.

Fitting Kit

8 x 100mm Screws

1 x PZZ Drill Bit

Tools Required

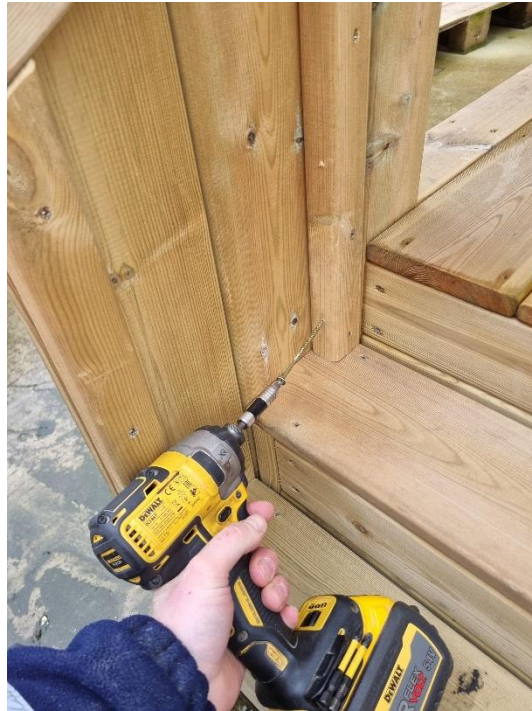

Cordless Drill/Screwdriver

1. Place the centre tower in the selected area on flat level ground.

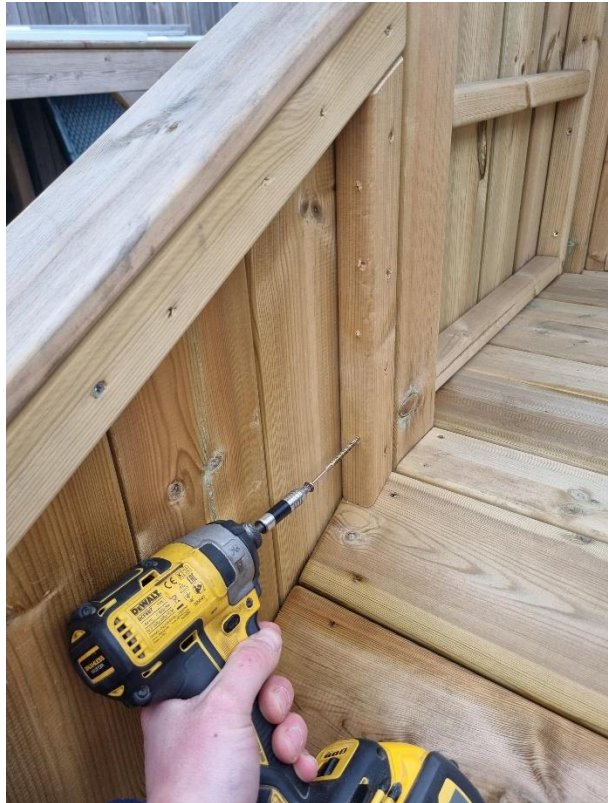

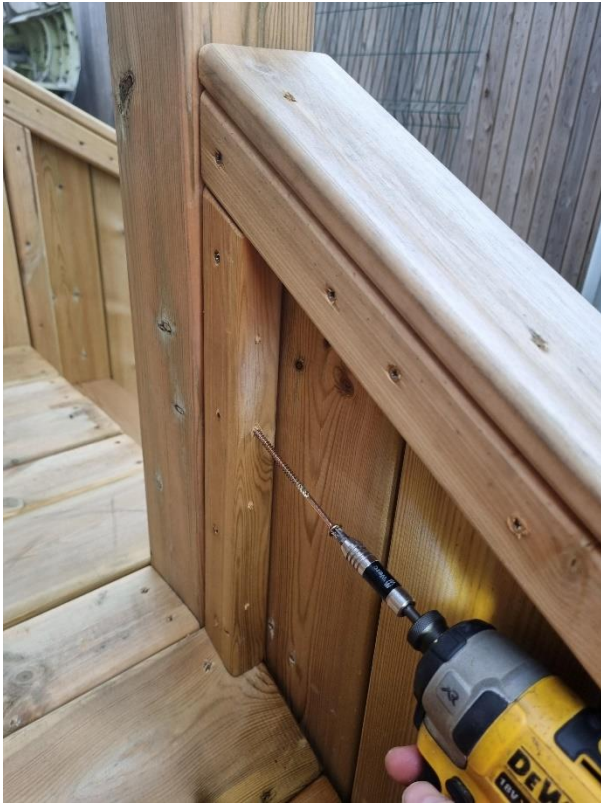

2. Place the steps into position as shown. Fix the steps to the tower using 4 x 100mm screws through the pre-drilled holes (2 screws per side).

3. Place the ramp into position as shown. Fix the ramp to the tower using 4 x 100mm screws through the pre-drilled holes (2 screws per side)

4. Finished product.
