

1-50 Number Tiles

Product Code: EY06691

These versatile throw down tiles can be used indoors or out. They can be used in various ways. Here are a few suggestions:

- Make number lines eg.

1-20

1-50 etc.

- Make a giant number grid, looking for patterns.
- Take some numbers out and ask the children to identify what is missing. They could write the answers on a dry-wipe board.
- Make a treasure trail with the children having to find the numbers in order.
- Collect all the odd numbers.
- Match numbers to amounts.
- Match actions to amounts eg. six hops, seven jumps etc.
- Play find me games eg. the number larger than 40, but less than 42.

2 more than 10

5 x 10

Your age

3 + 1 + 2 =

Let the children experiment and explore with the number tiles. They will make up their own ideas, perhaps using them in their role play scenarios.
