## Know Your Illuminated Writing Boards

## Using Your Illuminated Writing Boards

To switch the Writing Board on, move the slide switch to the ON position.

The first colour when switched on will be Red. To cycle through the seven colours press the button on the front of the Writing Board once for each colour change. When the colour red is reached again it will automatically cycle through the colours in sequence. Pressing the button again whilst in automatic sequence mode will turn the writing board off into standby mode.

Always switch your Illuminated Writing Board off using the on/off switch to preserve the battery life.

## Recharging Your Illuminated Writing Boards

The Writing Board will flash red to show that the batteries are low and the product needs charging.

Insert the adaptor cable into the charging socket at the side of the docking station.

Place the Writing Boards into the docking station ensuring they are fully connected. The Writing Boards will flash red to show they are charging.

It may take up to 4 hours to fully charge if the battery has been fully discharged.

The Writing Board will light solid Green when fully charged.

Only charge your Writing Boards in the docking station and only use the battery charger provided.

Once fully charged the Writing Boards will have approximately 10-12 hours life if used continuously.

## Troubleshooting

Problem	Solution
Writing Board will not light up	Ensure the switch is in the "ON" position. Recharge the Writing Board by placing in the docking station.
